From their founding in 1882, the public schools were operated by the Fort Worth city government. In 1925, however, the Texas Legislature removed the city's authority and created the Fort Worth Independent School District, as we know it today, to manage and operate the schools.

The Fort Worth Independent School District is controlled locally through a Board of Education Trustees elected by voters within each district. Nine Trustees serve as single-member district representatives. All Trustees serve four-year terms without pay. The Board of Education conducts the school program in accordance with the state constitution and the standards set by the Texas Education Agency. A policy-making body, the board delegates the day-to-day administration of the schools to the Superintendent and the professional staff.

Regular board meetings are open to the public. Meetings are televised live on Charter Cable Channel 30. To read archived board meeting minutes, you may access from the website under the link for the Board of Education. For additional information, please contact the Office of the Board of Education, (817) 814-1900.

Compensation Guidelines

COMPENSATION PHILOSOPHY

Each year the Compensation Department develops and recommends a pay system for all District personnel to the Superintendent, who shall present the pay system to the Board of Education for adoption. The pay system shall be designed to provide appropriate pay for the assessed worth of individual jobs. The system shall be administered with the intention that employee pay will:

- stay competitive with appropriate labor markets so that the District may attract and retain qualified personnel
- reflect the levels of skill, effort, and responsibility required for different jobs
- reward continued length of service to the District
- be fiscally controlled and cost effective
- comply with all federal, state, and local laws and Board of Education policies
- encourage outstanding individual and team performance.

Pay Structures and Pay Ranges

The pay system shall consist of salary structures of the major employee groups: teacher, campus support professional, administrative/professional, technical, clerical, instructional assistant and manual trades.

Pay ranges for each pay grade are based on an assessment of the job worth, which establishes the minimum and maximum pay rates within the range. Employees will be paid the daily or hourly rates within the ranges as established for their assigned position. Pay rates outside the established range requires the Superintendent's approval.

Salary Advancement

Pay ranges shall be structured to allow the opportunity to increase employee pay within the range for continued service to the District. On an annual basis the Superintendent shall make recommendations to the Board of Education regarding salary increases. Recommendations shall be based on consideration of factors such as cost of living indexes, wage increases, salary structure adjustments within competitive job markets, and District budget resources.

Transfers between Employee Job Groups

Compensation for employee groups is unique and the years of experience for most are not transferable between groups. For example, teacher/related instructional personnel and professional support employees are on a placement schedule with different rates of pay according to degree level and years of experience, and are eligible for longevity pay sooner than employees whose salaries are placed on the ranges of pay.

A professional employee who subsequently becomes a certified teacher, receives credit for all professional years as long as the employee possessed a bachelor's degree and the percent of time and minimum required days were met (i.e., accountant, MBA with 17 years to certified teacher, receives master's level pay and 17 years of experience on the teacher salary structure).

Positions eligible for transfer between groups are:

1. teacher assistant to secretary/clerk;
2. secretary/clerk to teacher assistant;
3. teacher assistant to teacher (see Experience Credit as a Teacher Assistant);
4. teacher to teacher assistant (certified teacher who transfers to a teacher assistant non-punitive receives salary consideration for all teacher experience as a teacher assistant);
5. teacher, nurse, librarian, counselor within each campus support professional pay structure.

Review and Approval Policies

1. Relevant work experience is determined by Compensation and/or the administrator for the applicable area of employment.
2. If no agreement can be reached over relevant experience, the final determination is made by the Senior Officer of Compensation and Employee Records.

Salary Guidelines for New Hires

Credit for Prior Experience Policies

Teachers

- FWISD grants one (1) year of teaching experience for each year of approved experience according to the rules and regulations set by the Texas Education Agency (TEA) and local policy. Experience credit is granted by placement on the Teacher Salary Schedule according to degree level and years of creditable experience.
- Experience from foreign private schools, colleges, and universities accredited by a recognized accrediting agency of the foreign country may be recognized for salary increment purposes, provided the minimum requirements in subsection (f) of Chapter 153; School District Personnel, Subchapter CC; Commissioner's Rule on Creditable Years of Service are met. The recognized accrediting entity in the foreign country is the Department of Education or the Higher Education authority for that country. It is the responsibility of the foreign authority to provide relevant, credible, and accurate information before any credit is given (documents must be translated in English format). Such experience will be considered on a case by case basis with final approval from TEA.

Placement on the appropriate salary schedule becomes effective after final approval from TEA is received. Upon TEA/Compensation approval, the pay is given for that year and no prior years. **The District is not liable for any previously non-compensated salary related to such experience.**

- Beginning with the 1998-1999 school year, a certified substitute teacher (as defined in subsection (a) of the Commissioner's Rules for Creditable Years of Service), employed in an entity recognized for years of service as prescribed by subsection (g) of this section, is eligible for creditable service. Such experience must be verified on the teacher service record form (FIN-115) or a similar form containing the same information.

Junior Reserve Officers Corp (JROTC) and Middle School Junior Cadet Corp (JCC)

- The **Junior Reserve Officers Corp (JROTC)** employee pay is based on a salary schedule, computed by the JROTC Director in compliance with mandates from Title 10, U.S. Code, Section 2031, of the Defense Departments Active Duty Finance Tables, and military service regulations, which also includes the JROTC stipend scale.
- The **Junior Cadet Corp (JCC)** instructor salaries (middle school) are based on a 187-day teacher salary schedule. The salary scale for MS/JCC is based on the level of years of active military service, teaching experience (military service schools or civilian), military and post-secondary education, leadership background and experience, and other intangible professional credits.

School experience and active duty experience may be counted for a local step adjustment under provisions of the Commissioner's Rule on Credible Years of Service, Chapter 153.1021, for Career and Technology Teachers.

- Ten (10) years of full-time experience will initially be credited toward advanced base salary according to degree level, education, and military records. This also includes a JCC stipend. **The 10-year credit is applicable only to the position of JCC instructor and is not transferable to other positions.**

JROTC/JCC instructors transferring to a full-time position will not receive military experience credit unless it meets TEA guidelines.

All Employees

- New hires who meet the requirements for an advertised position will be placed at the minimum of the salary range.
- Employees who provide service records with verifiable experience may receive additional salary if service records are submitted to Compensation ***no later than 5:00 pm on June 30th, following your hire date - of the current school year.*** Service Records received after this date, which qualifies for a salary adjustment will be processed for the following school year by Compensation. **Records received after June 30th of the school year hired will not qualify for or receive back pay.**

Campus Support Professionals

(Speech Therapist, OT, PT, O&M Specialist, Audiologist, and Psychologist)

- FWISD grants one (1) year of experience for each 12-months of full-time professional employment. This includes employment in public and/or private schools, post-secondary schools, and teaching hospitals.

Ten (10) years of full-time experience with a certified or licensed public agency that provides social services for children or youth will be credited toward advanced salary placement.
- *New hire employees* shall be granted one year of experience on the salary schedule for *each 12-months (1/1)* of full-time professional employment, according to local district agreement. This includes employment in public and/or private schools, post-secondary schools, and teaching hospitals. Full-time employment includes certified or licensed public agencies that provide social services for children or youth.
- The limit on the number of (non-education related) creditable years accepted is 10. **This is a local credit only (FWISD).** As a local credit this service credit may/may not be recognized by other Texas school districts (public or private). This credit is not granted to orientation and mobility specialist or athletic trainers.
- A service record validating prior service must be provided to Compensation, ***no later than 5:00 pm on June 30th, following your hire date - of the current school year.*** Service Records received after this date which qualifies for a salary adjustment will be processed the following school year by Compensation. **Records received after June 30th of the school year hired will not qualify for or receive back pay.**

Service Records and Related Pay Placement Requirements for New Hires

- 1) Employees who do not receive advanced salary placement and initially are placed at the minimum of the appropriate salary schedule, shall receive, upon receipt and approval of creditable years, an adjusted pay, retroactive to the first day of work in their position for the current fiscal year.
- 2) Service records that qualify for salary adjustments and are submitted after the June 30th deadline will be paid in the pay period the service record is received and date-stamped by Compensation.
 - a. Should service record information received by FWISD reflect conflicting information than was reported by the employee at the time of application, an investigation may be initiated. Depending on the results of the investigation, disciplinary action may be utilized, up to and including reporting to the State Board for Educator Certification, and termination of employment.
 - b. Exceptions to this policy are not permitted without documentation of extenuating circumstances and written approval by the Deputy Superintendent of Finance, Business and Operations or the Sr. Officer of Compensation and Employee Records.

Requirements for Teacher

Component

Description

Salary Placement on the Teacher Salary Schedule

Teachers are placed on the appropriate step of the Teacher Salary Schedule according to degree level and creditable years of experience.

Experience Credit

The Texas Education Agency guidelines are followed for determining creditable experience.

Experience Credit as a Substitute Teacher

Effective with the 1998-99 school year, a teacher may receive credit for experience as a certified substitute teacher for salary increment purposes, provided the teacher held a valid teaching certificate at the time the service was rendered, the teacher was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule includes substitute teaching out-of-state, as long as the teacher held a valid teaching certificate at the time the work was completed. A valid emergency or local permit also meets the certification requirement.

Experience Credit as a Teacher Assistant

Beginning with the 2004-2005 school year, a teacher assistant who subsequently becomes a certified teacher may receive up to two years of teacher assistant experience for salary increment purposes, provided they held a valid Educational Aide certificate, and worked the required number of days and percent of time when employed. Experience outside FWISD must be verified using the teacher service record form (FIN-115), or a similar form containing the same information.

Requirements for JROTC and JCC Instructor

<u>Component</u>	<u>Description</u>
Determination of Placement In the Pay Range	The JROTC Director determines the appropriate placement for JROTC and JCC instructors in compliance with active duty Armed Forces pay requirements.

Requirements for School Nurse

Experience Credit	<p>The Texas Education Agency guidelines will be followed for determining creditable experience. Experience used for salary placement decisions is determined by the Compensation Department, and is subject to the following exceptions:</p> <p><u>Exceptions to Compensation Policy</u></p> <ul style="list-style-type: none">Validated non-school based nursing experience will be credited on a one-for-one year basis if that experience was in a hospital operated or owned by a public college or university accredited and recognized by TEA or a private college or university accredited by a TEA recognized regional accrediting agency.Creditable experience is granted on a 1/1 basis for each year of validated experience. Placement is made on the Nurse's Salary Schedule according to degree level and years of creditable experience.
Experience Credit as a Substitute Teacher	<p>Effective with the 1999-00 school year, nurses may receive substitute teacher experience credit as a certified substitute teacher for salary increment purposes, provided the nurse held a valid teaching certificate at the time the service was rendered, the nurse was employed in an entity recognized for creditable years of service, and the minimum requirements (minimum number of days and the percentage of day employed) were met. The rule also applies to <u>out-of-state</u> substitute teaching experience. Beginning with the 1998-1999 school year, a substitute teacher (as defined in subsection (a) of the Commissioner's Rules) employed in an entity recognized for years of service (as prescribed by subsection (g) of the Commissioner's Rules) is eligible for creditable service.</p> <p>A valid emergency or local permit also meets the certification requirement.</p>

Requirements for Speech Therapist

<u>Component</u>	<u>Description</u>
Scope	This applies to new employees or current employees who are new to the Speech Therapist classification.
Determination of Placement in Pay Range	Incumbents will be placed on the appropriate step of the Campus Support Professional Salary Schedule according to degree level and years of creditable experience.
Experience Credit	Non-education related experience is granted in accordance with local agreement for select campus support professionals (see Page 11 – Campus Support Professionals). <u>Exception to Experience Credit Policy</u> Speech Therapists with education related experience will be given credit for each year (1/1) of validated experience as documented on the official service record form and approved by the Supervisor. TEA guidelines will be used to determine service credit.

Requirements for Diagnostic Evaluation Specialist

<u>Component</u>	<u>Description</u>
Scope	This applies to new hires or transfers who are new to the Diagnostic Evaluation Specialist classification.
Determination of Placement in Pay Range	Incumbents will be placed on the Campus Support Professional Salary Schedule for Diagnostic Evaluation Specialist according to degree level and years of creditable experience.
Experience Credit	The Texas Education Agency guidelines will be followed for determining creditable experience.

Requirements for Other Professional, Technical, Para-professional, and Auxiliary New Hires

<u>Component</u>	<u>Description</u>
Scope	This applies to new employees.
Determination of Placement in Pay Range	Employees in these salary structures are placed in the appropriate salary range according to the job and years of creditable experience; and/or upon recommendation and approval of the employing department.
Review and Approval Process	Relevant work experience is determined by Compensation and the administrator of the applicable area of employment. If no agreement can be reached over relevant experience, the final determination is made by the Senior Officer of Compensation and Employee Records.

Approval Process for Policy Exceptions

1. Upon the recommendation of the hiring administrator, the designated Cabinet level officer, the Deputy Superintendent of Finance, Business and Operations, and/or the Senior Officer of Compensation and Employee Records, may approve placement into the pay range for a salary level up to and including the midpoint.
2. Salary placement above midpoint of the pay range requires the approval of the Superintendent of Schools. Requests are made by the hiring department administrator, the Cabinet level authority, the Deputy Superintendent of Finance, Business, and Operations or the Senior Officer of Compensation and Employee Records.
3. Salary placement above established ranges may be requested by the Superintendent of Schools and requires approval by the Board of Education.

Promotions

Promotions shall be defined as movement from a position in a lower classification to a *different position* in a higher classification (i.e., PG11 to PG 12).

Employees promoted at the beginning of the school year will first receive any general salary increase approved by the Board of Education prior to receiving any promotional increase. In calculating promotional salary increases, the following regulations shall apply:

- (1) A preliminary maximum salary will be calculated by increasing the current daily rate of pay (base salary only) by an amount equal to 10% of the daily rate midpoint of the new pay grade, if the employee's current daily rate is less than the daily rate midpoint for the new position; or
- (2) A minimum of 2.5% of the daily rate midpoint of the new pay grade if the employee's current daily rate is greater than the daily rate midpoint for the new position.

In either case, the new daily rate will then be multiplied by the normal contract days in the new position to arrive at a new annual salary. This amount will be adjusted downward if the new salary is close to or above the salaries of other employees in the same job with comparable experience. **The Superintendent reserves the right to make exceptions to the promotional guidelines.**

Lateral Transfer (Placements)

A lateral transfer is defined as movement to another job assigned to the same or equivalent pay grade. Lateral placements involve no movement from the current pay grade. Lateral moves may involve a change of days (higher/lower); however, the daily rate of pay remains the same. Lateral placements can also be classified as voluntary or involuntary. Lateral transfers are not eligible for salary increases, except for adjustments required to reflect the work calendar days of the new job, if applicable. There may be peer equity adjustments given for lateral transfers where the normal salary of peer employees exceeds the salary of the new employee in that department. This type adjustment must be approved by the Cabinet level authority and the Senior Officer of Compensation and Employee Records.

Demotions

Demotions shall be defined as movement from a position in a higher classification (pay grade) to a position in a lower classification. Demotions, for purposes of calculating salaries, shall be classified as either voluntary or involuntary.

Voluntary Demotion

At the beginning of the school year, employees who voluntarily accept an assignment at a lower classification will first receive any general salary increase approved by the Board of Education prior to receiving any demotion decrease.

In calculating demotion salary decreases, the following regulations will apply:

The new salary will be calculated by decreasing the current daily rate of pay by an appropriate percentage of the daily rate midpoint of the new pay grade. The daily rate midpoint reduction will equal 5% for decreasing one pay grade, with 2% added for each additional pay grade.

To arrive at the new annual salary, multiply the new daily rate by the number of days assigned to the new position. Stipends or other supplemental pays may be included in any demotion calculation. ***The new salary may not exceed the maximum salary of the new pay grade without the approval of the Superintendent.***

Involuntary/Non-Punitive Demotion

Employees involuntarily assigned to a position at a lower classification due to a reduction in force or other non-punitive circumstances, shall retain their current daily rate of pay for the remainder of that school year only (deviations from this policy will require the approval of the Superintendent). When this occurs, the annual salary is determined according to the number of days worked in the new position times the daily rate. At the beginning of the next school year, the regulations stated above in "Voluntary Demotions" will be applied to arrive at the new salary.

Involuntary/Punitive Demotion

The Superintendent or designee shall determine salaries for employees involuntarily assigned to a position at a lower classification, as a result of punitive action.

Supplemental Pay

Supplemental pay (stipends) represents remuneration in addition to, but separate from, regular base salary, and includes Career Ladder and cell phone allowance. **Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right.** Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

Job Classification/Reclassification

All administrative/professional, technology, clerical, instructional assistant, and manual/ trades job are assigned to pay grades based on the level of skill, effort, and responsibility required for the job assignment. Compensation will classify new positions or reclassify existing positions as necessary based on job requirements and comparability to other positions in the District or in the marketplace. **An approved reclassification is granted up to 5% of the new pay grade midpoint.** Change in placement of a job is not necessarily a promotion or demotion.

Evaluation of Experience from Other Educational Entities

Several factors are examined to determine whether prior experience from other educational entities is creditable. These factors include;

- (1) position held (similar or related positions)
- (2) accreditation status of the institution
- (3) percentage of days worked
- (4) number of days worked
- (5) dates of employment
- (6) type of institution

Approval of service credit is subject to state law and is regulated by the Texas Education Agency (TEA). Texas school districts must adhere to the minimum requirements as stated in Subchapter CC of the Commissioner's Rules on Creditable Years of Service. However, **TEA grants local school districts the authority to set the number of days required to receive credit for years of experience for local salary schedules, as long as contract teachers are not paid less than the state mandated minimum salary.**

Beginning with the 2000-2001 school year, the Fort Worth Independent School District recognizes any year of full-time, permanent service with a minimum of 90 days worked, as the standard requirement to receive salary credit for a year of experience locally. Day requirements are stated in terms of full-time equivalent days (**Note: employees must work 180 full days at 50% to equal 90 FTE days.**) **Local practice for the 90-day Rule states:**

Beginning with the 2000-2001 school year, employees who were previously denied a year of service in which they completed 90 or more full-time equivalent days of permanent service will now have those years recognized for salary increment purposes only. The same TEA regulations apply to this rule: All prior-year service in this area may be claimed beginning with the 2000-2001 school year for salary placement purposes, as long as the minimum number of days and the certification requirements were met.

Creditable Years

Any full-time year of service that is eligible to be credited for terminal pay shall be defined as a year of service (for employees hired prior to September 1, 2003), including any authorized paid leaves of absence, for the standard service year for employees in similar positions, working not less than 20 hours per week or the regular hours per workweek as established from time to time by The District for such employment position, whichever is greater.

For the purpose of calculating terminal pay benefits, an employee is entitled to one year of service credit if employed and worked (or received pay for benefit days) 90 actual working days of service during a school year. **Please see Section IX for more information.**

Creditable service does not include part-time/ temporary employment, or employment as a non-certified substitute, regardless of service time, date(s) of termination, or type of accumulation. However, any 92ZF part-time employee who works a 240/245 duty day schedule is eligible for vacation and insurance benefits **ONLY**; a 92ZF is not eligible for terminal pay upon retirement.

Service Record Substitutions

Questions have been raised concerning the validity of creditable service documented on forms other than the Texas Teacher Service Record. Subsection (d) of Section 153.1021 states that: "The basic document in support of the number of years of professional service claimed for salary increment purposes and both the state's sick and personal leave program data for all personnel is the teacher service record (form FIN-115) or a similar form containing the same information".

It is the responsibility of the issuing school district and the employee (not FWISD) to ensure that service records are true and correct and that all service recorded on the service record was actually performed. Employees must sign the original service record and submit to Compensation. Employees submitting copies of an original service record must have all copies notarized from the previous district as the official document of record; if the originals are located later they must be destroyed (shredded) after the notarized copies are now the official document. This includes facsimile copies.

All eligible prior-year service as a certified substitute teacher may be claimed for placement beginning with the 1998-99 minimum salary schedule. Librarians were part of the initial ruling; however, this experience is for substitute teaching only.

In 1999-2000, counselors and nurses were added. For salary placement purposes, all prior-year service in this area may be claimed, effective with the 1999-2000 school year, as long as the minimum number of days, accreditation, and certification requirements are met.

Please contact Compensation (817/814-2080) to request a service record packet. This form may also be found on the District's website or the TEA website (www.tea.state.tx.us).

College Transcripts

College transcripts submitted from an accredited University or College must be provided to the Human Capital Management Department at the time of employment. Employees submitting these records at a later date must hand deliver those documents to **Employee Records**, not later than 5:00 pm on June 30th, following the hire date of the current school year. Transcripts received after this date that qualify for a salary adjustment will be processed at the beginning of the new (next) school year. Transcripts received after June 30th of the school year hired will not qualify for/or receive back pay.

Part-time employees providing transcripts to update pay must submit no later than August 31st at the beginning of the school year or not later than January 31st of each calendar year. Transcripts will no longer be accepted each month, but bi-annually. Pay adjustments will occur in the first month after receipt.

Evaluations, Compensation, and Service Eligibility

Board Policy (DEA LOCAL) states: "To be eligible for a pay increase, an employee must have a satisfactory evaluation from the prior school year."

Also, an employee is required to work a minimum of 90 days in a school year in a permanent position for a year of creditable service; part-time positions are not eligible.

BACKPAY FOR PRIOR SCHOOL YEARS IS NOT GRANTED WHEN SERVICE RECORDS or TRANSCRIPTS ARE RECEIVED IN A SUBSEQUENT YEAR.

Section II

Classroom Teacher Salary Schedule

Salary increases are not granted automatically each year; therefore, neither past nor future salaries can be calculated, assumed, or predicted on the basis of this schedule. The Board of Education adopts a new compensation plan each year. Future salaries should not be assumed or predicted.

PAY GRADE 19 SALARY NEGOTIATED

Section VII

Supplemental Pay Schedules (Stipends)

Supplemental pay (stipends) represents remuneration in addition to, but separate from, regular base salary, and includes Career Ladder, assignment stipends, coaching stipends, auto and cell phone allowances, and others as identified. **Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right.** Supplemental pay will be discontinued upon cessation of assignment or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay.

Stipends or supplemental pay not described in this section of the handbook must be verified and approved by Compensation before submitting to Payroll for processing. All unapproved rates submitted without approval will be adjusted by Payroll and/or Compensation, at the approved rate on record. All approvals require the signature of the appropriate Cabinet Level Member.

Also, please note that some stipends are dependent upon the employee meeting professional development and/or other job-specific requirements. Failure to meet those requirements will cause the employee to be ineligible to receive the stipend.

Employees paid from grant funds will be paid in accordance with the approved rates in this handbook, regardless of what may be allowable in the grant.

Academic Coaches Evaluation

Each academic coach shall be evaluated in writing by the principal. An academic coach will not be permitted to continue performing the function of this position or receive compensation for this position if the coach's performance is not completely satisfactory as evidenced by the annual evaluation.

Additional Job Responsibilities

Employee job responsibilities are subject to change at any time to meet the needs of the District. Such changes do not necessarily warrant a change in salary (see **Section I** for more information on what constitutes a promotion, demotion, or lateral move for salary purposes). Exceptions to this rule require the approval of the Superintendent or Deputy Superintendent with amounts being determined by the Compensation Department.

Athletic Coaches Stipends

Coaches are expected to do the job for which they are employed. However, for the purpose of clarifying the minimum number of regular working days for coaches, the following will be used:

1. All middle and high school coaches will attend in-service (coach's) activities as scheduled.
2. Coaches assisting with football and volleyball will report for duty as stipulated by the head coach of their assigned school or feeder high school. Additionally, there will be times during the school year, after completion of the season and during summer, when coaches may be assigned duties by their head coach or principal. These duties will fall within the realm of their responsibility as a coach in the **Fort Worth Independent School District**.
3. Middle and high school coaches will work with their feeder schools as follows:
 - a. Report for meetings and workouts as stipulated by the head coach;
 - b. Scout for the high school as assigned by the head coach.
4. Special meetings, in-service training, and special demands of the job may require a coach to occasionally work extra days.

Athletic stipends are paid on a 12 month basis - September through August.

Substitute Teacher – Continuous Assignment

Substitute teachers with a bachelor's degree, working in a single classroom assignment past ten days, are eligible for the regular substitute daily rate of pay plus an additional daily amount. This compensation shall remain at the higher rate of pay until such time as the substitute teacher changes or completes the assignment. DPB (LOCAL). If the substitute misses more than one day per month, then the rate will revert to the regular rate of \$80/day for the next ten days. **Non-degreed substitutes are not eligible for the higher rate of pay regardless of the number of days worked.** Long-term substitute teachers who are used in other capacities will not be eligible to receive the higher rate of pay.

Substitute Teacher Absences

Substitutes are not paid for absences. An absence while working a long-term assignment (single assignment of 11 days or more) is cause for the higher rate of pay to end. **EXCEPTION:** Principals have the discretion to continue long-term rates if they choose, upon the substitute's return to the same assignment. If not, the substitute will be required to start over if in the same assignment and teach an additional ten days in order to receive the higher rate of pay.

FICA Alternative

Any employee working in a substitute, temporary, or part-time position is not eligible for membership in the Teacher Retirement System of Texas, will participate in the District's Tax-Sheltered Annuity Plan for Part-time Employees in lieu of participating in social security. **Effective September 1, 2005, all employees not participating in TRS will automatically be set-up to participate in an alternative plan.**

Retire/Rehire Salary Information

Information provided in this section is relative to policy and procedures of the Fort Worth Independent School District regarding employment after retirement. These policies are not necessarily the policies of TRS. For policy and practices of TRS please contact them directly for information.

You may call: 1/800/223-8778

You may also write:

TRS
1000 Red River Street
Austin, TX 78701

Or visit the website at: www.trs.state.tx.us/

The Fort Worth Independent School District is not an authorized provider of employee information regarding processes and procedures for retiring from the Teacher Retirement System of Texas (TRS). Employees must contact TRS directly for information regarding their personal retirement and the rules for employment after retirement.

There have been significant changes to TRS rules for employment after service retirement. IT IS THE RESPONSIBILITY OF THE RETIREE TO VERIFY HOW THESE CHANGES WILL IMPACT THEIR ANNUITY SHOULD THEY DECIDE TO RETURN TO WORK AT A TRS-PARTICIPATING ENTITY. It is also important to note that any newly hired retirees will be responsible for any and all surcharges related to their employment after retirement.

FWISD RETIREMENT PROGRAM FOR TERMINAL PAY

Important Note: Effective September 1, 2012, terminal pay benefits for unused leave days and number of years of District experience for eligible employees will be frozen at the amounts earned as of August 31, 2012. See the section titled **Program Phase-Out** on page 63 for more detailed information.

Terminal pay shall not be provided to employees hired after August 31, 2003. To be eligible to receive terminal pay, a full-time employee must have been employed prior to September 1, 2003, and meet the following conditions:

1. Certifies that he or she has been continuously employed by the District for at least five years, including any authorized leaves of absence;
2. Voluntarily terminates employment for retirement purposes;
3. Informs the Board that he or she desires to retire and he or she is a member in good standing of the Teacher Retirement System of Texas;
4. Certifies that he or she is eligible to receive and has applied for retirement benefits or allowances as provided in the Teacher Retirement Act; and
5. Certifies that he or she has not previously received any amount of terminal pay from the District.

The five years or more of continuous employment must directly precede the employee's retirement. Only full-time years of service to the District, as defined herein, shall be creditable for terminal pay.

For purposes of this policy, a full-time year of service that earns credit toward terminal pay shall be defined as the standard service year, including authorized paid leave, for employees in similar positions, requiring 20 hours or more per week or the regular hours per workweek established by the District for the position, whichever is greater.

For the purpose of calculating terminal pay benefits, an employee is entitled to one year of service credit if employed four and one-half months, a full semester of more than four calendar months, or 90 actual working days of service during a school year.

Creditable service shall not include part-time employment (less than 20 hours per week), temporary employment, or employment as a substitute.

Beginning with the 1996–97 school year, only years of satisfactory service (as indicated by a performance evaluation of “meets expectations” or better) shall be credited for terminal pay. As long as an employee meets the eligibility requirement of five years of continuous employment by the District, all the employee’s years of permanent, full-time service are creditable, even if broken by periods when the employee was not employed by the District.

Calculation

Terminal pay is calculated by adding the products of the following two operations:

1. Multiply days of accumulated sick leave, state and local sick and state personal leave, if any, but not exceeding 20 days, by the employee’s computed daily rate of pay. The computed daily rate of pay is calculated by dividing the employee’s last annual salary by 183, and
2. Multiply the employee’s computed daily rate of pay, as calculated above, by the number of creditable years of the employee’s permanent, full-time service as an employee in the District.

Program Phase-Out

Effective September 1, 2012, District employees shall no longer be eligible to accrue benefits under the program for reimbursement of unused leave at retirement (terminal pay).

Effective September 1, 2012, each eligible employee who has previously accrued unused leave benefits through August 31, 2012, shall be paid, at the time of his or her retirement, the terminal pay amount earned under this program, if any, as of August 31, 2012, calculated by adding the products of the following two operations:

3. Multiply by the computed daily rate of pay the number of days of accumulated sick leave, state and local sick and state personal leave, if any, at the time of retirement, not to exceed 20 days, and not to exceed the number of days earned as of August 31, 2012.

The computed daily rate of pay is calculated by dividing the employee’s salary on August 31, 2012, by 183.

4. Multiply the employee’s computed daily rate of pay as calculated above on August 31, 2012, by the number of creditable years of permanent, full-time service with the District that the employee has earned as of August 31, 2012.

Alternative Qualification

Effective September 1, 2012, the amount of terminal pay provided with alternative qualification, if any, shall be computed as described at PROGRAM PHASE-OUT in the section, above.

If any employee with 20 creditable years of service or more with FWISD dies prior to retirement, and, if at the time of death, he or she was a member in good standing with the Teacher Retirement System of Texas and would have been eligible to receive benefits, his or her designated beneficiary, if any, or his or her heirs or estate shall be entitled to receive the deceased employee’s terminal pay computed as described. This entitlement shall also extend to the designated beneficiary, if any, or the heirs of the estate of an otherwise eligible employee with 20 or more years of creditable service who while working reduced hours or while on leave of absence for health reasons dies prior to retirement.

Employees Who Retire and Return as FWISD Employees

Individuals who voluntarily retire from Fort Worth ISD and the Teacher Retirement System of Texas (TRS), and return to any position in FWISD, do not qualify for any stipend, special contract/calendar days, additional terminal pay, or other benefit or privilege previously received as a pre-retiree in a permanent position. Previous stipends will not be restored upon return.

Employees who retire from other retirement agencies (not TRS) are treated as new hire employees. TRS retirees from other Texas school districts (not Fort Worth ISD), do not qualify for retiree rates listed in this Compensation Handbook.
