Thinking of joining our Teach in Tampa team?

Professional Development offers a successful induction program designed to support your success as you transition into our district.

Teachers new to Hillsborough County are welcomed into the district during an extensive Induction Program designed to introduce teachers to the vision, philosophy, practices and culture of our district. Throughout the two year induction program, teachers are supported through a comprehensive mentoring and paid training program. The professional learning experiences introduce our curriculum models, instructional strategies, planning for increased effectiveness and creating a culture of respect and rapport.

The induction program begins with an in-depth 4-day New Teacher Orientation (NTO) offered during the summer prior to the start of school. Teachers hired after the start of the school year can attend one of the many NTO sessions offered throughout the school year. Brand new teachers are assigned a full-release district based mentor while teachers with experience are provided a modified program with site-based support.
