## ELEMENTARY SCHOOLS

### Introduction

Supplements are additional salary for which an employee performs extra duties and/or responsibilities before, during or after the regular workday. They are designed in such a way as to allow individual schools flexibility in matching its employees' resources to the needs of the student body, be it in the area of extracurricular activities, athletics, monitoring type duties, or representing the school.

There are four general categories for supplements: Athletics, Extracurricular, Co-curricular, and Academic Support.

- The Athletics category contains those positions that are generally considered sports related coaching positions.
- The Co-curricular category contains those positions that are generally considered to be associated with school activities of a particular class course.
- The Extracurricular category contains those positions which are generally considered student interest based activities such as clubs.
- The Academic Support category contains those positions that are generally related to administrative, security/risk management, operational, and academic leadership.

Supplements generally are not transferable, which means that the funds for one supplement cannot be used for a different supplement.

Supplement nominations are submitted by the administrator through an on-line process which are electronically forwarded to a District-level department.

When a supplement position becomes available, Instructional employees at the work location shall be notified and considered first.

Acceptance of duties for which supplements are paid is voluntary for teachers, except for those that may be specified otherwise by the Contract. Supplements are paid to only teachers, however, if the teacher declines it, another employee may be interviewed and selected by the administrator to receive the supplement. This also means that there are no guarantees that a supplement will continue to be offered, and changes may be made from year to year or during a given year, to meet changing needs of a particular school. If the supplement receiver is terminated in the supplemented position, the reason(s) will be provided upon request.

Payment for supplements is added to the employee's regular paycheck. A supplement cannot be added or deleted from the Contract unless the amount is negotiated.

If an employee starts a supplemental duty late or terminates from it early, or for any other reason cannot complete all of the requirements to receive the full supplement, s/he shall be paid a prorated amount based on the period of time during which the supplemented duties were performed.

An employee holding a supplemented position may voluntarily relinquish the position provided s/he notifies the administrator at the earliest possible date. The administrator will notify the employee at the earliest possible date if the employee will be terminated in the supplemental position. If the supplement receiver is terminated, the reason(s) will be provided upon request.

The District and the Association shall continue working through the joint supplement committee. The supplement committee shall submit its recommendations to each of the CBLT.

The parties agree that supplements may be expanded or added to the Contract to fulfill requirements for Other Interscholastic Athletic Opportunities. If a new supplement is added, the parties will meet to negotiate the amount.

## Verification of Years of Experience

The District Athletic Office will keep a record of experience earned in all laned (category by years of experience) athletic supplements; Individual Schools and the District Office will keep a record of experience earned in laned (category by years of experience) co-curricular supplements. Coaching experience is earned regardless of the particular sport. Experience is based upon completed fiscal years. The initial year is the "0" year.

Upon request, the District will provide the CTA with a list of known supplement receivers, by work-site, amount of supplement, for each calendar year.

## Athletics

### *Coaching Education and Payment*

The Florida Department of Education requires 180 hours or nine (9) semester hours for an endorsement in Athletic Coaching. The Athletic Coaching Endorsement includes the three areas specified below:

- Three (3) semester hours or 60 in-service points in the care of athletic injuries to include the effects and dangers of drug use including performance enhancing drugs.
- Three (3) semester hours or 60 in-service points in coaching theory.
- Three (3) semester hours or 60 in-service points in the theory and practice of coaching a specific sport.

If you have any questions regarding Athletic Coaching, please contact your high school athletic director or middle school activities coordinator. Many course opportunities are available but must have prior approval from the district athletic office. If you have a college degree, the college transcripts may be submitted to the FLDOE for review as some college courses may meet the requirements for Athletic Coaching. In order to be eligible for OCPS coaching endorsement pay, it is the responsibility of the coach to complete the 180 points as required by the Department of Education as well as take the OCPS Approach to Athletics class and show proof of current CPR, First Aid and AED.

It is required and the responsibility of an OCPS coach to maintain current CPR/First Aid/AED and retake the OCPS Approach to Athletics class at least once every three (3) years.

### *Athletics Positions*

Middle school athletic supplements are based upon a set number of events approved by the Middle School Athletic Association, which are part of the planned program of activities for the middle school. Athletic supplements are paid for the following at the middle school level: basketball, soccer, track, and volleyball. In addition, supplements are paid for activities coordinator and intramural coordinator. The same teacher may not serve as activities coordinator, intramural coordinator and coach without District-level approval. If an individual assumes both coordinator positions, s/he may be granted an amount of time equal to one teaching period to perform those duties, which cannot be accomplished after the duty day.

## Curriculum Leadership

These supplements are tied into staffing functions at a school. Departmental chairpersons are supplemented based up- on the number of full time (or equivalent) teachers in the department.

In addition, in those schools organized around the teaming concept, team leaders also may be appointed. Team leaders' supplements are fixed (i.e. not dependent upon size of team).

When a vacancy in the position of curriculum leadership exists, the teachers in that department may provide input to the principal prior to the principal making any appointments to fill the vacancy.

### ***Curriculum Leadership Duties and Qualifications***

These positions, regardless of the grade level, are responsible for supervising all functions of his/her department, including budget preparation and property control, chairing regular meetings of teachers within the department/grade level, and coordinating his/her department's activities with those of other departments. S/he also is responsible for providing input to the administration concerning the purchase of instructional materials, supplies, and equipment.

**Department Chairperson**: In addition to the duties described above, typical duties may include conduction regular professional meetings with teachers of the department at least once a month; attending subject area meetings for county department chairs; distributing communications, materials and supplies to team members and collecting data and reports as required by the administration. This leader may assist administrators in matters of school policy, scheduling and pupil placement. Other typical duties may include coordinating subject area efforts with learning community program consultants; coordinating subject area events and activities at the school. Department Chairperson rate is \$49.00 per person in department.

The **Team Leader Coordinator** will implement the school philosophy to the team and keep the team focused. Leaders will work in conjunction with the department chair to assure adherence to state, county and course objectives. The leader will review, revise and evaluate the teams' instructional program and guide the team in developing methods of reporting student progress to parents. Leaders will confer with counselors regarding team information and the use of diagnostic instruments to be administered and coordinate follow-up. S/he will plan team activities and organize the agenda for meetings and coordinate the reports for the meeting for the administration. The leader may assist teachers on the team in improving their reaching skills. Team Leader rate is \$1,062.

## Introduction

Supplements are additional salary for which an Instructional employee performs extra duties and/or responsibilities before, during, or after the regular workday. They are designed in such a way as to allow individual schools flexibility in matching its employees' resources to the needs of the student body, be it in the area of extracurricular activities, athletics, monitoring type duties, or representing the school.

There are four general categories for supplements: Athletics, Extracurricular, Co-curricular, and Academic Support.

- The Athletics category contains those positions that are generally considered sports related coaching positions.
- The Co-curricular category contains those positions that are generally considered to be associated with school activities of a particular class course.
- The Extracurricular category contains those positions which are generally considered student interest based activities such as clubs.
- The Academic Support category contains those positions that are generally related to administrative, security/risk management, operational, and academic leadership.

Supplements generally are not transferable, which means that the funds for one supplement cannot be used for a different supplement.

Supplement nominations are submitted by the administrator through an on-line process which are electronically forwarded to a District-level department.

When a supplement position becomes available, Instructional employees at the work location shall be notified and considered first.

Acceptance of duties for which supplements are paid is voluntary for teachers, except for those that may be specified otherwise by the Contract. Supplements are usually paid to only teachers, however, if the teacher declines it, another candidate may be interviewed and selected by the administrator to receive the supplement. This also means that there are no guarantees that a supplement will continue to be offered, and changes may be made from year to year or during a given year, to meet changing needs of a particular school. If the supplement receiver is terminated in the supplemented position, the reason(s) will be provided upon request.

Payment for supplements is added to the employee's regular paycheck. A supplement line cannot be added or deleted from the Contract unless the amount is negotiated.

If an employee starts a supplemental duty late or terminates from it early, or for any other reason cannot complete all of the requirements to receive the full supplement, s/he shall be paid a prorated amount based on the period of time during which the supplemented duties were performed.

An employee holding a supplemented position may voluntarily relinquish the position provided s/he notifies the administrator at the earliest possible date. The administrator will notify the employee as soon as feasible if the employee will be terminated in the supplemental position at the earliest possible date. If the supplement receiver is terminated, the reason(s) will be provided upon request.

The District and the Association shall continue working through the joint supplement committee. The supplement committee shall submit its recommendations to each of the CBLT.

The parties agree that supplements may be expanded or added to the Contract to fulfill requirements for Other Interscholastic Athletic Opportunities. If a new supplement is added, the parties will meet to negotiate the amount.

## Verification of Years of Experience

The District Athletic Office will keep a record of experience earned in all lined (category by years of experience) athletics supplements; Individual Schools and the District Office will keep a record of experience earned in lined (category by years of experience) co-curricular supplements. Coaching experience is earned regardless of the particular sport. Experience is based upon completed fiscal years. The initial year is the "0" year.

Upon request, the District will provide the CTA with a list of known supplement receivers, by work-site, amount of supplement, for each calendar year.

### *Coaching Education and Payment*

The Florida Department of Education requires 180 hours or nine (9) semester hours for an endorsement in Athletic Coaching. The Athletic Coaching Endorsement includes the three areas specified below:

- Three (3) semester hours or 60 in-service points in the care of athletic injuries to include the effects and dangers of drug use including performance enhancing drugs.
- Three (3) semester hours or 60 in-service points in coaching theory.
- Three (3) semester hours or 60 in-service points in the theory and practice of coaching a specific sport.

If you have any questions regarding Athletic Coaching, please contact your high school athletic director or middle school activities coordinator. Many course opportunities are available but must have prior approval from the district athletic office. If you have a college degree, the college transcripts may be submitted to the FLDOE for review as some college courses may meet the requirements for Athletic Coaching. In order to be eligible for OCPS coaching endorsement pay, it is the responsibility of the coach to complete the 180 points as required by the Department of Education as well as take the OCPS Approach to Athletics class and show proof of current CPR, First Aid and AED.

It is required and the responsibility of an OCPS coach to maintain current CPR/First Aid/AED and retake the OCPS Approach to Athletics class at least once every three (3) years.

Most interscholastic competition is regulated by the Florida High School Athletic Association, (FHSAA), Orange County Public Schools, and applicable athletic conferences and/or national governing associations.

Junior varsity schedules must be for at least two-thirds the number of events for the corresponding varsity schedule. For the ninth grade, six football and twelve basketball events must be scheduled.

No single supplement recipient may be paid for two sports with simultaneous seasons, except in cases where the two seasons overlap for a period of three weeks or less. Coaching separate boys and girls teams of the same sport requires district-level approval. Athletic directors and athletic trainers may not be supplemented as head coaches. Sports abilities teams and Special Olympic coaches may not be appointed to a supplement for another sport, student council, or class sponsorship without district-level approval.

Special Olympics must include at least six scheduled functions during the school year, and are available at the high, middle, and elementary school level.

The number of athletic coach supplements is based upon the sport offered at a school, with a required minimum participation of four students for a given sport. More than one supplement is authorized (head and assistant coaches) in certain sports depending upon the size of the program and whether or not there are JV and/or freshman teams.

Supplements for Assistants shall be two-thirds of the corresponding rate for the head position in that category.

When coaching both the boys' and girls' team of the same sport, a coach shall be paid full supplements for both sports upon the recommendation of the administrator and approval by the District Office for Athletics.

Supplemental pay adjustments shall be retroactive to the beginning of the school year in which the endorsement is earned.

Athletic directors may be granted an amount of time equivalent to at least one teaching period per day to perform those duties, which cannot be accomplished after the duty day.

It is strongly encouraged that coaching position allocations be assigned to individual separate coaches for the purpose of increasing supervision of student athletes and reducing risk management concerns.

### ***Athletic Duties And Qualifications***

The **Athletic Director** must be a certified, full-time teacher. S/he coordinates and oversees all areas of the athletic program in the high school, including conducting monthly coaching staff meetings, representing the school at related district level meetings, and acts as the athletic program's representative to the community for the purpose of soliciting funds and community support. Athletic Directors may be granted an amount of time equivalent to at least one teaching period per day to perform duties, which cannot be accomplished after the duty day. Typical daily duties may include: coordinating and scheduling the use of athletic facilities in cooperation with the physical education department chair, arrange for sport officials and event personnel, supervise and maintain records of student eligibility, make team transportation arrangements, arrange for medical examination, publicize all athletic events, make provisions for security at home events, and other duties assigned by the principal.

The **Assistant Athletic Director** must be a certified, full-time teacher on the faculty. Under the guidance of the Athletic Director, s/he coordinates and oversees all areas of the athletic program.

The **Athletic Business Manager** must be a full-time teacher with certification in business education or physical education preferred, a minimum of five years teaching experience and knowledge of both sports and basic accounting principles/ practices. S/he must be on the school's faculty. The Athletic Business Manager is responsible for all fiscal matters relating to the high school's athletic program. Typical daily duties may include budget preparation, equipment purchases, payment for transportation, lodging, and meals for teams, compensation of officials, and the handling of all monies received from the sale of tickets.

Each **Athletic Coach** is responsible for the daily and overall operation of his/her sport throughout its season. In addition to providing a schedule of activities to the Athletic Director, each Athletic Coach must submit an annual budget to the Athletic Director via the Athletic Business Manager. Athletic Coaches are accountable for the recruitment, training, and care of students under their charge, as well as monitoring the academic progress of their students. They are also accountable for all equipment and uniforms used in the sport.

The **Assistant Athletic Coach** assists the Athletic Coach in the performance of all activities related to coaching.

The **Athletic Trainer** must be a certified teacher and a certified athletic trainer who is an active certified member of the National Athletic Training Association.

S/he shall assume a modified teaching load commensurate with his/her certification. It is recommended that s/he teach no more than 2-3 classes per day. The workday shall be scheduled during regular school hours except when team responsibilities necessitate leaving the campus. S/he is responsible for coverage of all home athletic events. S/he shall not be required to evaluate or care for injuries to the general student enrollment.

S/he shall assist in the care of athletes injured as a result of interscholastic training and competition, by acting as a liaison between the physician and the athlete and by designing a conditioning program for injured athletes of all sports. S/he is also responsible for the proper documentation of incidents resulting in injuries, advising coaches as to when an athlete may participate in training or competition following an injury, and reviewing the physical examinations of all athletes.

### Special Duty

### *Special Duty Duties and Qualifications*

Special duty supplements are allocated on the basis of one unit per six teachers or major fraction thereof plus one "at large" allocation per school regardless of size. They are designed to provide flexibility as to their use, based upon the individual needs of each school. These supplements may be used for site security (e.g. yard duty or gate duty), monitoring of student behavior (e.g. bus duty, hall duty, detention, Saturday school etc.), or support services (e.g. property control manager, textbook manager, etc.). The administrator is responsible for ensuring that responsibilities are approximately equivalent to those of the standard special duty supplements. Teachers shall be notified of the use of the supplements in their schools upon request. One unit per school has been designated for coordinating the wellness program.

- Special duty supplements cannot be given for duties assigned by other supplements.
- Special duty rate is 782
- Special duty supplement can be quartered or halved.

**Special Duty Allocations**

S/he will attend training sessions and coordinate in-service activities with the school's training representative. S/he will submit activity reports to the OCPS Employee Wellness Program and devise a recruiting program for interested employees and community organizations.

Wellness Representative	782
-------------------------	-----

**Curriculum Leadership**

These supplements are tied into staffing functions at a school. Departmental chairpersons are supplemented based up- on the number of full time (or equivalent) teachers in the department.

When a vacancy in the position of curriculum leadership exists, the teachers in that department may provide input to the principal prior to the principal making any appointments to fill the vacancy.

**Curriculum Leadership Duties and Qualifications**

These positions, regardless of the grade level, are responsible for supervising all functions of his/her department, including budget preparation and property control, chairing regular meetings of teachers within the department/grade level, and coordinating his/her department's activities with those of other departments. S/he also is responsible for providing input to the administration concerning the purchase of instructional materials, supplies, and equipment.

**Department Chairperson/Team Leader:** In addition to the duties described above, typical duties may include conduction regular professional meetings with teachers of the department at least once a month; attending subject area meetings for county department chairs; distributing communications, materials and supplies to team members and collecting data and reports as required by the administration. This leader may assist administrators in matters of school policy, scheduling and pupil placement. The rate is \$74.00 per person in the department.

## Categorical Supplements

The continuation of these supplements is contingent upon available funding.

The **Lead Mentor** is responsible for coordinating the *New Instructional Personnel Induction Program*. Using resources provided by Professional Development Services, the Lead Mentor working with and through the administrator will provide support and assistance to instructional personnel hired new to OCPS. Professional Development Services offers ongoing learning opportunities, both face to face and online, to support the Lead Mentor. Training focuses on resources and strategies to support mentors and new instructional personnel.

The **New Instructional Personnel Induction Mentor** is responsible for support to assigned beginning instructional personnel. The Mentor will be assigned to instructional personnel similar in subject or grade level. The mentor will offer four types of support to the assigned beginning mentee; physical, emotional, instructional and institutional. Mentors could be assigned a maximum of three beginning instructional personnel.\* Professional development for mentors will be delivered by the school's identified Lead Mentor.

The funding source for these supplements is from General Appropriations - Teacher Training Categorical.

## Introduction

Supplements are additional salary for which an Instructional employee performs extra duties and/or responsibilities before, during, or after the regular workday. They are designed in such a way as to allow individual schools flexibility in matching its employees' resources to the needs of the student body, be it in the area of extracurricular activities, athletics, monitoring type duties, or representing the school.

There are three general categories for supplements: Extracurricular, Co-curricular, and Academic Support.

- The Co-curricular category contains those positions that are generally considered to be associated with school activities of a particular class course.
- The Extracurricular supplements category contains those positions which are generally considered student interest based activities such as clubs.
- The Academic support category contains those positions that are generally related to administrative, security/risk management, operational, and academic leadership.

Supplements generally are not transferable, which means that the funds for one supplement cannot be used for a different supplement.

Supplement nominations are submitted by the administrator through either an on-line process or completion of forms, which are forwarded to a District-level department.

When a supplement position becomes available, instructional employees at the work location shall be notified and considered first.

Acceptance of duties for which supplements are paid is voluntary for teachers, except for those that may be specified otherwise by the Contract. Supplements are usually paid only to teachers, however, if the teacher declines it, another employee may be interviewed and selected by the administrator to receive the supplement. This also means that there are no guarantees that a supplement will continue to be offered, and changes may be made from year to year or during a given year, to meet changing needs of a particular school. If the supplement receiver is terminated in the supplemented position, the reason(s) will be provided upon request.

The amounts paid for supplemental duty are negotiable. Payment for supplements is added to the employee's regular paycheck. A supplement line cannot be added or deleted from the Contract unless the amount is negotiated.

If an employee starts a supplemental duty late or terminates from it early, or for any other reason cannot complete all of the requirements to receive the full supplement, s/he shall be paid a prorated amount based on the period of time during which the supplemented duties were performed.

An employee holding a supplemented position may voluntarily relinquish the position provided s/he notifies the administrator at the earliest possible date. The administrator will notify the employee as soon as at the earliest possible date if the employee will be terminated in the supplemental position. If the supplement receiver is terminated, the reason(s) will be provided upon request.

The District and the Association shall continue working through the joint supplement committee. The supplement committee shall submit its recommendations to each of the CBLT.

The parties agree that supplements may be expanded or added to the Contract to fulfill requirements for Other Interscholastic Athletic Opportunities. If a new supplement is added, the parties will meet to negotiate the amount.

## Extracurricular

### School Activities/Clubs

Supplements in this area are for school programs or activities that involve or could appeal to a significant part of the student body as a whole, as differentiated from club sponsorship. These include such activities as class sponsorship, student advisory boards and yearbook.

Clubs fall into two main groups: service clubs and interest clubs. Due to their nature, they usually appeal to students with specific interests. For example, these activities include clubs such as (but not limited to): Skills USA, HOSA, PBL, etc.

Clubs must have a minimum of 15 participants based on average attendance. Exceptions to the minimum require special approval.

### Extracurricular /School Activities/Club Duties and Qualifications

The **Club Sponsor** is responsible for organizing and providing guidance and direction to all club members. S/he also is responsible for planning, scheduling and monitoring all club activities and functions. Clubs meet outside of the regular student class times.

The **Graduation Sponsor** is responsible for planning and overseeing all aspects of activities and functions related to Technical Center Program Completers including Graduation Week activities. These type of responsibilities include identifying and notifying the graduates, ordering caps, gowns and invitations, planning and coordinating the graduation program and initiating follow-up data.

The **Digital Media/Newspaper Sponsor** is responsible for organizing and assisting the newspaper staff, and ensuring the publication of a minimum of four issues of the school newspaper during the school year.

The **Student Council Advisor** is responsible for providing the guidance and direction necessary to establish and maintain the school's student government association. S/he also must ensure the integrity of the elections, attend regularly scheduled meetings with the student council, and participate in activities sponsored by the student council.

## Academic Support

### Special Duty

#### *Special Duty Duties and Qualifications*

Special duty supplements are allocated on the basis of one unit per six teachers or major fraction thereof plus one "at large" allocation per school regardless of size. They are designed to provide flexibility as to their use, based upon the individual needs of each school. These supplements may be used for site security (e.g. yard duty or gate duty), monitoring of student behavior (e.g. bus duty, hall duty, detention, Saturday school etc.), or support services (e.g. property control manager, textbook manager, etc.). The administrator is responsible for ensuring that responsibilities are approximately equivalent to those of the standard special duty supplements. Teachers shall be notified of the use of the supplements in their schools upon request. One unit per school has been designated for coordinating the wellness program.

- Special duty supplements cannot be given for duties assigned by other supplements.
- Special duty rate is \$782

#### *Special Duty Allocations*

Special Duty	1 allocation per 6 teachers plus 1 at large
Wellness Representative	1

The **Wellness Representative** is responsible for the implementation of wellness activities at the school that includes scheduling, promoting and evaluating all programs. S/he will attend training sessions and coordinated in-service activities with the school's training representative. S/he will submit activity report to the OCPS Employee Wellness Program and devise a recruiting program for interested employees and community organizations.

## Curriculum Leadership

These supplements are tied into staffing functions at a school. Departmental chairpersons in the technical centers are supplemented based upon the number of full time (or equivalent) teachers in the department.

When a vacancy in the position of curriculum leadership exists, the teachers in that department may provide input to the Director prior to the principal making any appointments to fill the vacancy.

### *Curriculum Leadership Duties and Qualifications*

These positions, regardless of the grade level, are responsible for supervising all functions of his/her department, including budget preparation and property control, chairing regular meetings of teachers within the department/grade level, and coordinating his/her department's activities with those of other departments. S/he also is responsible for providing input to the administration concerning the purchase of instructional materials, supplies, and equipment.

**Department Chairperson/Team Leader** - Technical Schools: In addition to the duties described above, typical duties may include conduction regular professional meetings with teachers of the department at least once a month; attending subject area meetings for county department chairs; distributing communications, materials and supplies to team members and collecting data and reports as required by the administration. This leader may assist administrators in matters of school policy, scheduling and pupil placement. The rate is \$74.00 per person in the department.

**Categorical Supplements**

The continuation of these supplements is contingent upon available funding.

The **Lead Mentor** is responsible for coordinating the *New Instructional Personnel Induction Program*. Using *resources* provided by Professional Development Services, the Lead Mentor working with and through the administrator will provide support and assistance to instructional personnel hired new to OCPS. Professional Development Services offers ongoing learning opportunities, both face to face and online, to support the Lead Mentor. Training focuses on resources and strategies to support mentors and new instructional personnel.

The **New Instructional Personnel Induction Mentor** is responsible for support to assigned beginning instructional personnel. The Mentor will be assigned to instructional personnel similar in subject or grade level. The mentor will offer four types of support to the assigned beginning mentee; physical, emotional, instructional and institutional. Mentors could be assigned a maximum of three beginning instructional personnel.\* Professional development for mentors will be delivered by the school’s identified Lead Mentor.

The funding source for these supplements is from General Appropriations - Teacher Training Categorical.

The **Professional Development Certification Program (PDCP) Mentor** is responsible for facilitating learning through coaching cycles for the PDCP participant. Professional Development Services offers ongoing learning opportunities, both face to face and online, to support the PDCP mentor. The mentor provides program specific support to the PDCP participant on required tasks. The principal makes the final decision regarding program completion.

\*Note: A mentor may not advise more than three instructional personnel.
