About Us

Mission

TEACH commits to work as a partner with local education agencies in preparing high-performing, culturally sensitive, and creative problem solvers for Texas classrooms. Producing teachers who are driven by passion, committed to making a positive impact, and willing to serve as advocates for the voiceless, **TEACH** meets the challenges and opportunities of teaching diverse children. Delivering an interdisciplinary program framed by the needs of children with diversities will reduce the teacher shortages in bilingual, ESL, and special education, mathematics, and science classes.
