School schedules

In this section (inner.html) ▼

Every minute counts!

It's important for kids to arrive at school on time and ready to learn. Students who arrive late say they feel like they miss a lot and often spend the entire day trying to catch up.

What you can do in 15 minutes

Even being just 15 minutes late students may miss out on going over the day's schedule, working independently on an assignment, taking a test or interacting with each other as a group. The same goes for leaving early at the end of the day when they may miss catching the last few minutes of instruction, have questions answered and get homework assignments.

Schedule pickup

All students who have not picked up their school schedules at an in-person registration will have the opportunity to review their school schedule after August 15th through Zangle.

Remember, students will have an opportunity to visit their school to pick up class schedules, locker combinations and parking permits, and to get ID photos taken during their week of registration.

Find your school's schedule
